About The Cover . . .

In 1993, the Seattle Mariners are debuting a new look on the baseball diamond. The Mariners have changed the design of their uniforms, caps, and, for the first time ever, their team colors. The Mariner blue and gold, which was used since the club's inception in 1977, has been replaced by navy blue, metallic silver and Northwest green.

Not only have the uniforms and colors changed, but the Mariners also have a new logo (as seen on the cover). The logo design, entitled "Nautical Compass Rose," serves as the Mariners' primary trademark and appears on the uniform sleeve of both the home and road jerseys in 1993.

The "Nautical Compass Rose" logo in many ways is reflective of the Pacific Northwest. The new distinctive logo illustrates the importance of the sea to the livelihood and pleasure of this region. The colors of navy blue, metallic silver and Northwest green are indigenous to this area, representing the sea, technology and the great outdoors.

The logo and color scheme are very unique in baseball and very distinctive in sports. The contemporary logo and the cover of the 1993 Mariners Information Guide were designed by the Mariners and Major League Baseball Properties design services.

The "Nautical Compass Rose" logo represents the fourth different logo for the Mariners organization since its inception in 1977. Originally, a Mariner blue trident forming a capital "M" was used until 1981 when it was replaced by a stylized "M" bordered in gold and placed over a star background. In 1987, the logo was changed again to a stylized blue "M's" bordered in gold on a baseball background.

JOHN ELLIS

Chief Executive Officer

A life-long resident of Seattle, John W. Ellis serves as the Chief Executive Officer of the Baseball Club of Seattle, a position he has held since the group assumed control of the Mariners from Jeff Smulyan on July 1, 1992. Ellis also serves as the owner's representative for the Baseball Club of Seattle.

Ellis, 64, is also Chairman of the Board of Puget Sound Power & Light Company, the investor-owned electric utility which serves nearly 1.7 million people in western Washington. He joined Puget Power in 1970 after a career as an attorney with the Seattle firm of Perkins Coie for 17 years, including eight years as Puget Power's chief counsel. Ellis was named president and chief executive officer in 1976 and became chairman of the board in 1987. He is also chairman of the Electric Power Research Institute, which conducts research and development for the electric utility industry.

He serves on the board of directors of Washington Mutual Savings Bank, SAFECO Corporation, UTILX Corporation, Associated Electric & Gas Insurance Services Limited (AEGIS) and Powertech Labs Inc. He is past chairman of the Edison Electric Institute and the Seattle Branch of the Federal Reserve Bank of San Francisco.

Ellis is just as active in the community, as he was the founding chairman of the Seattle-King County Economic Development Council and is currently a member of the Council's executive committee. He is past chairman of the Greater Seattle Chamber of Commerce and the Washington Business Roundtable. In January of 1992, he was named Regent of Washington State University and serves on the Governor's Council on Education Reform and Funding. He is also a member of the Board of Trustees of Seattle University and chairs their 21st Century Campaign. He headed a successful four-year campaign that privately funded a city park in downtown Bellevue.

This past November, he and his brother Jim were presented with the 1992 A.K. Guy Award by the YMCA of Greater Seattle for outstanding community service. Ellis has received numerous other awards and honors, including: Seattle's First Citizen in 1987, presented by the Seattle-King County Board of Realtors; the Citizen of the Year Award in 1984 from the Municipal League of Seattle and King County; the University of Washington Law School Alumni of the Year Award; the Frederick T. NAMING THE MARINERS

The nickname "Mariners" was selected by the ownership of the Seattle franchise after a "Name the Team Contest" that resulted in over 15,000 entries and over 600 different names being submitted.

When the name "Mariners" was chosen, all the entries suggesting the name were reviewed for their reasons (in 25 words or less).

The winner was Roger Szmodis of Bellevue, WA. His entry read "I've selected Mariners because of the natural association between the sea and Seattle and her people, who have been challenged and rewarded by it."

A CAPSULE HISTORY OF PROFESSIONAL BASEBALL IN SEATTLE

- 1890 The first professional baseball team in Seattle was organized. The Seattle Reds played in the Class-C Pacific Northwest League.
- 1892 The Reds (first-half champions) won the P.N.L. Pennant when the Portland club declined to enter the playoffs because of financial problems.
- 1896 Club was re-named "Braves", and moved into its first stadium (Athletic Park - 14th and Yesler).
- 1903 The Pacific Coast League was formed, and Seattle was a charter member. Thus, Seattle had two professional baseball teams for one season (The Braves were now in the Pacific National League and folded after one year.).
- 1906-17 Seattle ended its membership in the P.C.L. and joined the Class-B Northwestern League.
- 1919 Seattle re-joined the Pacific Coast League. The club was named "Indians" and played a 225-game schedule (The extended season format continued through the 1957 P.C.L. season).
- 1937 Emil Sick bought the Seattle franchise for \$115,000 and immediately changed the nickname to "Rainiers" (Sick also owned and operated the Rainier Brewing Co.).
- 1938 On June 15, the Rainiers moved into the newly-built Sicks' Stadium (seating capacity of 11,500). Local sports hero Fred Hutchinson began his rookie season and posted a 25-7 record.
- 1939-41 The Rainiers won three consecutive P.C.L. pennants.
- 1955 Hutchinson returned as manager of the Rainiers and led the club to another P.C.L. crown. In addition, the first official proposition for a domed stadium in Seattle was made (bond issues for the project failed in 1960 and '64).
- 1960 Sick sold the club to the Boston Red Sox. Seattle became the Red Sox triple-A affiliate.
- 1966-68 The California Angels purchased the club and Bob Lemon managed Seattle to its last baseball championship.
- 1967 Public approval was given for funds needed to build a domed stadium (completion was scheduled to be prior to the 1972 season).
- 1969 The Seattle Pilots came into existence and began play in the American League. Sicks' Stadium was expanded to seat 28,500 and 677,944 fans came out to watch the 64-98 expansion team. Third baseman Tommy Harper led the junior circuit with 73 stolen bases.
- 1970 On March 31, financial difficulties forced the Pilots to move to Milwaukee (club was re-named "Brewers"). Plans to build a domed stadium were temporarily interrupted.
- 1972-76 Seattle fielded a team in the Class-A Northwest League.
- 1977 On April 6, Major League baseball returned to Seattle when the Mariners played the California Angels before a Kingdome crowd of 57,762. The M's starting pitcher that night was Diego Segui, a member of the 1969 Pilots.

HOW TO FIGURE

Batting Average — Divide the total number of hits collected by a player by the total number of at bats. Example: Player A is 12-of-40 or .300.

Slugging Percentage — Divide the number of total bases by the total number of at bats. Example: Player A's 12 hits include six singles (6), one double (2), two triples (6) and three home runs (12) for a total of 26 total bases in 40 at bats and a .650 slugging percentage.

Earned Run Average — The total number of earned runs allowed by a pitcher is divided by the total number of innings pitched and then multiplied by nine for his per-game average. Example: Pitcher B has allowed 12 earned runs in 45 innings of work for a 2.40 ERA.

Fielding Average — The sum of putouts and assists is divided by the sum of putouts, assists and errors. Example: Player C has made 16 putouts and 24 assists and two errors. That's 40 putouts and assists divided by 42 chances for a fielding average of .952.

Won-Lost Percentage — Divide the number of victories by the total number of games played. Example: 22 wins and 18 losses produce a winning percentage of .550.

Magic Number — Determine the number of games yet to be played by the division leader, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

PEORIA SPORTS COMPLEX

In 1994, the City of Peoria, the Seattle Mariners and the San Diego Padres will proudly open baseball's best spring training facility. Located 20 miles northwest of downtown Phoenix, the Peoria Sports Complex will include a separate facility for each team and a 7,000-seat, state-of-the-art stadium that will be shared by both clubs.

The Mariners will conduct workouts at the Peoria site this season, but will play all games at other Cactus League parks as the facility is being completed. Peoria is only the second spring training site in club history, as the Mariners trained in Tempe from 1977-92.

DIRECTIONS: Take Bell Road exit of I-17 north; travel west to 83rd Avenue; travel south and enter facility at Stadium Way.

BROADCASTERS

DAVE NIEHAUS has been a Mariners broadcaster since the club's inception into the American League in 1977. During his 16 seasons behind the microphone for the Mariners, he has missed only eight games (one in 1982, three in 1988, and four in 1992). Entering the 1993 season, he has witnessed 2530 of the 2538 games played by the Mariners. He is recognized as one of the best and most exciting broadcasters in the game of baseball, and has become instantly identified with the Mariners. His expressions like "My Oh My" and "It will fly away" (for home runs) have become familiar throughout the Northwest.

Dave was born and raised in Princeton, Indiana, and is a graduate of Indiana University, where he worked for the campus radio station. He then went to work for the Armed Forces radio and TV service, calling the action for Los Angeles Dodgers games before moving to New York to handle Yankees baseball as well as basketball and hockey from Madison Square Garden. After leaving the Armed Forces Network, he returned to Los Angeles to broadcast the Dodgers, Rams and Lakers. From 1969-76, he teamed with Dick Enberg and Don Drysdale to call the action for the California Angels on KMPC Radio. Dave also broadcasted UCLA football and basketball (1973-76). He resides in Bellevue with his wife Marilyn. They have three children: Andy, Matt and Greta.

RON FAIRLY begins his first season with the Mariners in 1993, after spending the last six seasons as a broadcaster with the San Francisco Giants. The former Major Leaguer brings 35 years of professional baseball experience to the Mariners broadcast booth, 21 as a player and 14 as a broadcaster.

Ron was born in Macon, GA and attended the University of Southern California as a finance major. After earning All-America honors on the diamond for USC, he was signed by the Los Angeles Dodgers in 1958. Fairly played in the Major Leagues from 1958-78 with the Dodgers (1958-69), Montreal Expos (1969-74), St. Louis Cardinals (1975-76), Oakland Athletics (1976), Toronto Blue Jays (1977) and California Angels (1978). In 2,442 games, he compiled a lifetime average of .266 with 215 home runs and 1,044 RBI. He was a two-time All-Star (1973 and 1977) and played in four World Series (1959, 1963, 1965-66). He is also one of just two players in history to play over 1,000 games in the infield and the outfield (the other is Stan Musial).

After retiring as a player, Ron worked as the sports director at KTLA radio in Los Angeles for three years. From 1982-86, he teamed with Bob Starr to broadcast Angels games on KMPC. He then moved to San Francisco, where he handled play-by-play and color duties on both radio and television.

Ron resides in Westlake Village, CA with his wife Mary. The couple has three sons: Steve, Mike and Patrick.

KEVIN CREMIN begins his 11th season as producer-engineer for all Mariners radio broadcasts in 1993. He is responsible for the technical aspects of each broadcast, as well as relaying updated game information to Dave Niehaus and Ron Fairly.

The Tulsa, OK native attended the University of Oklahoma and studied journalism. After spending eight years in the circulation department of the Tulsa World & Tribune, Cremin joined the Mariners Radio Network on a full-time basis in 1983. He is currently the senior engineer in the American League. He resides in Seattle with wife Margaret and daughters Colleen and Kate.

Ken Levine will be involved in Mariners broadcasts from time to time throughout the 1993 season.

What if every neighborhood in America had its own baseball field?

Maybe gangs could become teams. Maybe fights could become competition. Maybe raw energy could be transformed into disciplined performance through the challenge of athletics. And maybe kids who have never been taught the rules of the game could learn about success by winning and losing at play—before they enter the harsher arenas of adult life.

We've teamed with the Mariners to build athletic fields for kids in Carnation, Ballard, Vashon, Sumner, Mukilteo, Kennewick and Enumclaw. That has set a pattern for other major league communities. And the Mariner/Boeing team plans to keep right on building.
